A BUSINESS BUILT FROM THE GROUND UP.

Ault is one of North America's best-performing equipment suppliers. For more than 15 years, we have been providing our customers with state-of-the-art equipment and the fastest, most efficient service possible.

We are an exclusive distributor of brands recognized as industry leaders: McCloskey International (with whom we have worked since our inception), Lippmann, Superior, MWS, Ecoverse and Terracon. For your work site, we offer only the best. The best products supported by unrivalled service.

We don't just sell machines.
We're a partner in your project.

We're part of your team.

McCloskey
INTERNATIONAL

WORLDWIDE ACCLAIM, UNMATCHED REPUTATION.

Proudly designed and manufactured in Canada, McCloskey International is a leader in the tracked equipment industry, offering crushers, screeners, trommels, and conveyors. Known for its innovation and high-performance equipment, the company has built a strong reputation worldwide.

Since its inception, McCloskey International has worked closely with Ault, providing premium technical support and fast access to parts.

LEGENDARY CRUSHING SYSTEMS.

Lippmann backs up its reputation as the industry's best-in-class with a complete line of crushing, screening, stacking and specialty equipment. Lippmann is one of the few OEMs in the industry that offers both standard solutions and the flexibility for custom designs tailored to your specific processing needs.

Built to handle the toughest and heaviest applications, Lippmann crushing equipment has been engineered for years of reliable performance. Lippmann's reputation has become legendary based on its extra-heavy-duty construction and oversized components.

LIPPMANN

SUPERIOR

ELEVATE YOUR OPERATIONS WITH PRECISION AND PERFORMANCE.

Superior offers a diverse range of high-quality crushers including jaw, cone, HSI, and VSI models. With equipment that exceeds industry standards and comes with industry-leading warranty protection, Superior provides top-notch screening equipment, ensuring consistent product output. From head to tail, conveyors are entirely Superior-made, guaranteeing high-quality and long-lasting performance.

SANDSTORM 516

SMARTER WASHING SOLUTIONS.

As a world leader in washing equipment, MWS delivers advanced solutions for a wide range of applications. Their extensive product line is designed to handle everything from compact operations to large-scale installations, ensuring the right solution for every project.

Driven by innovation and engineering expertise, MWS equipment is built to maximize efficiency, improve material recovery, and deliver reliable performance in demanding environments.

MWS

EQUIPMENT

TERRACON

MOVE MORE MATERIAL. REDUCE HANDLING.

The Terracon 4065T is a tracked stacking conveyor designed to improve stockpiling efficiency and reduce material handling costs.

With its 65-foot conveyor length, the 4065T delivers quick setup, reliable tracked mobility, and efficient material handling. It reduces loader use, eliminates double handling, and increases productivity in aggregates, sand, compost, topsoil, and C&D materials.
